HEALTH INTRODUCTION

YOU ARE MOST LIKELY POISONING YOURSELF EVERY DAY!

Would you put a bottle of anti-freeze in your medicine cabinet with your bath soap, shampoos, deodorants, cosmetics, lotions and toothpastes? Would you wash your floors with it? You say, "Of course not!"

Did you know that Propylene Glycol (PG), Polyethylene Glycol (PEG), Butylene Glycol (BG) and Ethylene Glycol (EG) are all petroleum derivatives that act as solvents, surfactants, and wetting agents? These glycols easily penetrate the skin, weakening protein and cellular structure as they do! Did you know factory workers who work with these glycols are warned to avoid skin contact to prevent brain, liver, and kidney abnormalities? PG is present in many stick deodorants, often in heavier concentration than in most industrial applications. (Nyack, Dr. Vin, Ph.D., Biochemist). Propylene Glycol is used to carry the "active" ingredients in transdermal patches INTO YOUR BODY. These glycols are present in MOST toiletries (even health store products) and is often a main ingredient! Shocked? You should be!

Ask yourself What's Anti-Freeze doing IN my soap, shampoos, deodorants, cosmetics, lotions, and toothpaste?

And we haven't even talked about the other known poisons in the products you put onto and into your body such as (to name only a few): sodium lauryl sulfate (SLS), sodium laureth sulfate, formaldehyde, cocamide DEA, titanium dioxide, saccharin, and FD&C Blue#1 – all known carcinogens – meaning cancer causing! Or how about aspartame - a known excitotoxin? Did you know that MSG is found in many of your toiletries and supplements, giving the same side effects but masquerading under the names of hydrolysed protein, calcium caseinate, autolyzed yeast, disodium inosinate, yeast extract, and a host of

other cloaks? Even most mineral and vitamin formulations/supplements are made with carcinogens and rancid oils!

Long before you get the cancer, your body just gets plain sick, the brain can get foggy, children can be labelled with "learning disabilities," and older folks suffer forgetfulness and clumsiness that may be no more than the manifestation of "intolerance to all the chemicals being slathered on and poured onto and into their bodies!"

Our promise to you:

1. ALL the healthy products sold in our catalogue have been carefully and extensively researched and personally used by us before we offer them to you.
2. We have been careful to find products that contain non-carcinogenic ingredients, are often certified organic, and are always free of pesticides, herbicides and harmful chemicals.
3. These products work towards promoting not only a healthy physical body, but also create the foundations for improving your emotional and mental health. When your physical body is strong and healthy, the emotional and mental health can follow.
4. Most of these products will simplify your life and, because they are concentrated, are less costly. Especially when you consider that you will pay less in the future for health care!

HEAR OUR CUSTOMERS!

"My sister recently gave me a 3 fl.oz. bottle of Crystal Deodorant, roll-on. This is the first effective deodorant I have ever used (and I am over 50!). You can use my statement as a testimonial. I stand by it. I have never used a deodorant that comes close to being as effective as the Pure and Natural Crystal deodorant is."

My family has decided that I cannot be without Maca Root powder - ever! They remind me when I need to re-order because it makes such a difference in my attitude and energy levels. I like "me" much better when I am taking Maca! (Summary of comments from Sue W.)

HOME, HEALTH, AND PERSONAL CARE

CREAMS, LOTIONS, OINTMENTS

TROPICAL TRADITIONS SKIN CARE PRODUCTS

Here it is! A line of skin care products free of carcinogens and any ingredients you would not want to put into your body!

Filipinos are well known for their youthful appearance and soft skin, even though they live in a climate that exposes them to the sun's rays year round. Coconut oil is their main dietary oil, and is also the main ingredient in their skin care products.

Only the finest, highest quality, organic products used! All of the skin care products that Tropical Traditions offers are made with organic Virgin Coconut Oil and Virgin Palm Oil. No other products on the market are made with finer oils as their base. Tropical Traditions Virgin Coconut Oil is traditionally made from fresh organic coconuts, and independent laboratory tests show that it has a higher level of antioxidants than other coconut oils. These oils are food grade, not the lower grade, lower quality coconut oils often found in other lines of skin care products.

Virgin Palm Oil contains high concentrations of a powerful form of Vitamin E called "tocotrienols" which published research has shown is 40-60 times more potent than alpha-tocopherol (the most common form of Vitamin E found as an additive in most skin care products.) In addition to these powerful Vitamin E tocotrienols, Virgin Palm Oil is also rich in natural carotenes. It is one of the richest natural plant sources of carotenes with concentrations of 500-700 ppm. It is 15 times more retinol-equivalent than carrots and 300 times more than tomatoes, for example.

In addition to using only the best oils available for the skin, all other ingredients used in Tropical Traditions Skin Care Products are 100% natural. Their hand-made creams, lotions and lip balms **contain no alcohols, no artificial fragrances, and no petroleum** products. Since many people have sensitivities to fragrances, each product has an unscented version. For those products that are scented, only high quality organic essential oils which are distilled with low temperature and low pressure over an extended period of time are used. Low temperature and lower pressure have proven to be the most effective method of obtaining all of the essential constituents from the plant, and provide these products with the very best quality fragrances available.

DEODORANTS

Antiperspirant prevents perspiration, without which the body cannot purge toxins from below the armpits. Those toxins are then trapped and the body deposits them in the lymph nodes below the arms. A high concentration of toxins build up, which can lead to cell mutation – cancer! Nearly ALL breast cancer tumours occur in the upper outside quadrant of the breast area where the lymph nodes are located.

Do you know that aluminum used as an ingredient in many deodorants is suspected of being linked with Alzheimer's and other health problems?

Tropical Traditions Deodorants

Tropical Traditions Natural Deodorants are chemical-free, paraben-free, and aluminum-free deodorant roll-ons made from a base of their popular organic Virgin Coconut Oil. Your underarms are one of the most sensitive and absorbent areas of your body, so don't put harmful chemicals into your body through antiperspirants or harmful deodorants! These are perfect for someone who likes to have a deodorant with a fragrance to it.

For pets: neutered/spayed pets often have hormonal imbalances. Maca balances them. Our older dog had become incontinent, which is apparently common for spayed females. After a few weeks on Maca and cooked cabbage, the problem was gone!

You might find maca powder at a lower price. Be aware that ours is **organic, with absolutely no fillers or additives, and is harvested in the nutrient rich Peruvian mountains under fair farming practices.** MacaPower is a high quality product you can trust!

SWEETENERS

The McLellan family uses both the Stevia and the Organic Cane Sugar and give them each a top 5★ rating! See our website for additional information.

Natural Organic Cane Sugar from evaporated cane juice. The difference isn't just in its natural light tan colour or its pleasant flavour! It is made at the mill from fresh-cut cane within 24 hours of harvest. The cane is green-cut not burned prior to processing. Natural lime is used in the clarifying process, as opposed to animal or vegetable flocculent. It is a "first crystallization" sugar made directly from the original cane juice, not from remelted raw sugar. No herbicides, pesticides or chemicals are used in the field or in the process. It is not bleached or decolourised. Retains trace elements originally found in the cane juice. Is organic. It tastes naturally great!

ORGANIC SEA SALT

Treat your body to the benefits of this real, true salt as it is supposed to be (not the common table salt which is the chemical sodium chloride). Naturally occurring elements and minerals buffer sodium chloride and balance hydrochloric acid. Traditional table salt is dead, and many sea salts are heavily refined, removing important components. Natures Cargo Sea Salt™ has a perfect balance of essential trace minerals and gases. Excellent as an aid to digestion and for those with high blood pressure. Remember, a traditional "salt" restricted diet is actually a restriction of "sodium chloride," not of salt that is in harmony with the natural saltiness of the human body. Nature's Cargo Sea Salt™ is literally a living salt.

Harvested in South America, once you have tasted these salts, you will probably never again want any other salt! The naturally white Crystal Sea Salt has not been bleached and is high in mineral content.

**The grinders in the 3.5 oz. combos are disposable after a few fillings. For long-term use, see the Nature's Cargo Salt grinder listed below.

Testimonial from a family experiencing that ♥ The heart of education is the education of the heart! ♥

"I just wanted to let you know how much we are enjoying the materials that we received from you. By the end of the first week of doing CCC Phonics and Math and reading the beginning of Leading Little Ones to God, both our children received Jesus as their Saviour. Because the materials were so thorough we knew they had an excellent understanding of what they were deciding to do. We have also been reading the Thornton Burgess series and in one of the books it was talking about the two voices inside. I was able to explain to the boys about the sin nature and the voice of our conscience. My eldest boy Caleb (51/2yrs) was able to recognise this when we dropped off a little child we had been minding. We went inside and there was an awful show on the television. He withstood it for a few moments and tugged me on the sleeve asking if we could go quickly. We left and as we did he said to me, "Mum my sinful nature was saying 'go ahead watch it - it's ok.' but my conscience said 'No, don't do it - go.'" Wow, I was amazed at such a clear understanding and pure application. He has always been very sensitive in this regard but now he is able to understand what is happening and articulate that. ... Samuel is doing wonderfully well too. He loves the work so much he cries when we are finishing our Math lessons, not starting them – which is so encouraging. My husband is so thrilled he said that it is very different to what he experienced as a boy in school. What treasure – to have a love of learning. So....yes we are overjoyed at the materials we have purchased from you. At any point in the day or evening I can put my hand on something that will fill their minds and spirits with life. What a blessed Mummy I am! Thank you!!
God Bless, Beth Woolrich and family.

★#7573CD - **Breaking the Shackles** Rick Boyer
Why Parents Should Trust Themselves Not Schools: When the training of children shifted from the realm of the family and moved into the realm of government, it took only a few generations to bring about the social, spiritual, moral and intellectual decay that permeates our society today. God the designed the family, not the school, to be the primary training ground for His champions.

#7570CD - **Careers Without College**
Rick Boyer – More and more colleges are welcoming home educated students. But just as college is not the only means of acquiring a higher education, neither is it the only way of preparing for a rewarding career. This workshop discusses the routes taken by several prominent Americans who reached the pinnacle of their chosen fields without attending college.

★#7574CD - **Child Discipline: A Positive Approach** Rick Boyer
As one who knows the importance of obedience to a peaceful and productive home, Rick shares, from Scripture and his own experience, the principles that make child training a loving relationship rather than a set of behaviour modification techniques.

★#7576CD - **Educating for Eternity**

Marilyn shares her techniques for accomplishing a mammoth amount of housework while giving her children a superior education at the same time.

#7562CD - **Hands-On Character Building**
Marilyn Boyer – Learn how you can put Scripture on your "doorposts" (the physical structure of your home), your "phylacteries" (wearing apparel), and remind your children of the truth of God during the four natural learning times: bedtime, waking up, sitting at home and travelling. Dozens of projects will be given to provide you with practical applications.

#7571CD - **Heroes: Standing on the Shoulders of Giants** Rick Boyer

★#7577CD - **Holding Their Hearts**

#7563CD - **Home Educating with Babies and Toddlers and Loving It** Marilyn Boyer
It's a blessing but it can be stressing! Home schooling with tiny ones around the house is a special challenge, but one that many moms handle with great success. Hear how Marilyn makes her little ones a valuable part of the team!

#7569CD - **Homeschooled Heroes - How They Did It** Rick Boyer
Many of the most important and best-educated people in history(Washington, Lincoln, Edison, Franklin) spent little or no time in school. Learn from their experiences how to educate your children for greatness.

★#7578CD - **Obedience From the Heart**
Marilyn Boyer – Nothing more blesses the heart of a parent than a child who obeys consistently and willingly. Marilyn shows why the task of the loving parent is not merely to control outward behaviour, but to build godly attitudes by ministering to the spirit of the child!

#7564CD - **Parenting From the Heart**
Marilyn Boyer – Child-rearing is not behaviour modification, applying rewards and punishments to get unthinking responses. It is a matter of accepting a God-given calling and pursuing it by His principles. It is a heart-to-heart relationship in which children are not just trained, but disciplined.

THE LEARNING PARENT

#7565CD - Proverbs - God's Character

Curriculum

Rick Boyer

If you were the wisest man in the world, what would you teach your children? Learn the answer to that question by understanding the Old Testament book of Proverbs. There, a man specially chosen by God records important lessons of wisdom and knowledge. Here is a practical application for the Book of Wisdom, including several ways to teach it to your children.

#7566CD - Raising Cain without Killing Abel

Rick Boyer – Scripture records several cases of strife between siblings. In almost every case, there is a principle involved which the parents have violated, sowing destruction in their family. This series of case studies gives valuable insight into the causes, and therefore, the cures of sibling rivalry.

★#7579CD - Starting Right, Staying Right

Rick Boyer – The key to successful home schooling is to have a true understanding of what it's all about in God's frame of reference. Curriculum, values education, social learning and priorities are all addressed in the Bible. In this practical, encouraging presentation by Rick Boyer, you will see that God has a dynamic plan for growing up.

★#7580CD - Take Back the Land

Rick Boyer

Today, home schooling parents have broken free from the bondage of Godless philosophies and are raising up the Joshua generation that will carry the battle over the Jordan--taking the banner of Christ back into American government, law, medicine, business, education and the arts, where God and His Word were once universally honoured.

★#7581CD - Teaching Character Through History

Rick Boyer

Perhaps the most important way in which children learn good character is through the example of others. Rick Boyer discusses how to use the lives of giants in American history to motivate your children to aspire to greatness.

#7567CD - The Hands-on Dad

Rick Boyer

Many home educators see the father's job as either that of substitute teacher standing in for Mom occasionally, or school janitor – doing housework to give Mom more time in the classroom. But the father's role is much more than that. Rick Boyer explains the seven functions of a father in Scripture and how they apply in the home teaching family.

#7572CD - Things I Wish I'd Known

Rick Boyer – Growing up has never been easy, and today it is harder than ever before. But guidance from those who have been through it is as useful as the

services of a wilderness guide. In this talk, Rick Boyer shares how God's principles give vision and victory for the young person who wants to be more than ordinary! This seminar is geared to young people.

★#7583CD - What is an Education?

Rick Boyer

Many people succeed in school but fail in the real world outside. Real education prepares the student for every aspect of life - practical, professional, spiritual, economic, civic. Jesus came not to be served, but to serve. Those things that make us most useful for service add up to a real education

#7568CD - What About Socialization?

Rick Boyer – Intimidated by the common myth that children who are taught at home are at a disadvantage in social development? Rick Boyer draws on Scripture, scientific research and the experience of thousands of home-teaching families to show that the opposite is true. To prepare children for the real world, they need to be in the real world: family, church, and community – not locked away in age-segregated schools.

★#7582CD - What's a Dad to Do?

Rick Boyer

There are plenty of misconceptions about the role of the father in a homeschooling family. Scripture gives seven functions of a father in a godly home, and each of these can be applied very practically and powerfully in home education.

You can avoid misunderstandings in the family by understanding what each other is really saying. If you want wholesome, living books that go beyond just entertainment value for your children and future generations to come, it is up to you to purchase them now! In purchasing books for your home library, choose volumes with excellent and celebrated writing and literary styles, solid moral and/or spiritual lessons, and values you and your children can be challenged to embrace. ANIMAL BOOKS

ANIMAL BOOKS

Whatever could you learn from animals? Lots!!
God uses animals and birds frequently in the Scriptures to illustrate positive and negative character qualities. People would do well to be as faithful as a dog, as happy as a lark, gentle as a lamb, as industrious as a beaver, and so on. Children and adults alike can learn valuable lessons from the creatures God has created. We have two dogs and six cats we learn from! Don't miss out on the valuable lessons God has put before you through the pens of skilled authors.

NOTE regarding "talking animals":

We believe that while animals do not speak a human language, we can still learn from them. It is not a far stretch for the imagination of a child to hear them "talk." Just listen to children talking to their pets!

THE ADVENTURES OF... by Thornton Burgess

First published in 1913, these books have been completely reset in large easy-to-read type with illustrations by Thea Kliros based on Harrison Cady's charming originals. The stories are about entertaining adventures among "the lesser folk in fur and feathers," created by a beloved storyteller and conservationist, Thornton Burgess. Our son particularly loved these books as a child and well into his teen years – reading them over and over again.

"Much of what is said in the arts cannot be said in another way. To withhold artistic means of understanding is as much of a malpractice as to withhold mathematics."

Howard Gardner, Harvard's Graduate School of Education

Current studies link art education with higher performance in academic subjects.

"The 1987, 1988, and 1989 profiles of high school students who take art courses tend to have higher scores on the Scholastic Aptitude Test (SAT) than those who do not." SAT Scores Found to Correlate with Art Study." Soundpost, vol. 18, 1990, p. 21

JOY • NOTES MUSIC

QUESTIONS:

1. You have heard that the study of music and art enhances academic learning but are not sure you can fit it into your schedule?
2. You can't read a note of music yourself? Or perhaps you can, but you would not dream of trying to teach your child music?
3. You have always wanted to learn a musical instrument but figured you just are not "musical enough?"
4. Your child wants to take music lessons but you are not sure you can afford the time or the money?
5. Not sure you or they will "stick with it?"

THE ANSWER: Let Joy•Notes come to your rescue!

Joyce Piper, Joy•Notes' founder, believes that the world of music is within the reach of anyone who desires it. Music speaks to the spirit. This course delivers the tools to discover and achieve musicianship - regardless of the age of the student.

The musical language skills gained through the Joy•Notes course provide the foundation for all instruments, including the voice. The ability to read and understand the musical language opens up a rewarding and beautiful appreciation for God's gift of music.

By learning the language of music with a piano keyboard, the student has the added benefit of "seeing" the music in "black and white."

Beginning with the first lesson, the student will:

1. learn to hear, see, and feel music simultaneously
2. learn to see patterns in music notation
3. learn that the staff lines are simply a visual picture of music in any form and on any instrument and they will learn how to understand those "pictures"
4. be taught the skill of understanding musical language such that they will be able to go on to play any musical instrument, including the vocal chords
5. learn to play both hands together
6. be taught in such a way that they will not get hung up on "note names" or confusing counting instructions
7. will learn proper hand and finger positions for piano
8. will lay the foundation for quicker learning at higher levels once they graduate from the Joy•Notes course.

Joy•Notes simplifies the teaching and this step-by-step method literally takes the student, and you as the teaching parent if that is the case, by the hand

COST EFFECTIVE! Typically music lessons cost \$18 to \$20 for a half hour in a studio. For less than the cost of eight lessons you can receive up to two years of lessons!

PERSONAL NOTE OF ENCOURAGEMENT:

All of the options for taking care of your physical health and spiritual health, for resources for your family, and curriculum for the home educated can be overwhelming. It seems every product or resource screams, "Take Me!"

Having now been a pastor's wife for over three and a half decades, and having less than stellar health for most of my life, the advice, recommendations, encouragement to read this or that book, and take products "xyz" for everything that ails one have flooded in.

Having been actively involved in educating children at home for 20 years, I know that lists of recommendations, reading through stacks of catalogues, listening to how other people home school and hearing about what they use, deciding what we should use, and listening to all of those voices flooding into our ears (both supportive and accusatory), thinking about all the "what ifs", perhaps lacking self-confidence, and . . . can be overwhelming and discouraging! It can all make you want to quit before you start.

A reading I received years ago, when my role as a pastor's wife was getting overwhelming, has been a great encouragement to me. So, rather than fill this space with testimonials from customers about the great products we carry, I share this with you:

*I believe, with Christ living in me
through the Holy Spirit, recognized,
trusted and obeyed, my life today
can be happy, restful and strong.
DELIBERATELY I surrender my life
to Him and trust Him to do the mighty
work within of cleansing and empowering.*

*I believe also that God will manage
my affairs today if I hand over the
control to Him. I do that now and
refuse to take anything back into my care.*

*In this faith, I go out into the day with
quietness and confidence as my strength.*

Ordering Information

Shipping Rates:

● Shipping will be calculated and charged by weight to reflect the actual cost of shipping. For light weight items such as CDs and videos this may actually save you money over percentage based rates.

● Mail Orders: please call for weight based rates and the total of your order for payment by cheque or credit card.

Shipping Speed:

● We ship using Canada Post Expedited mail. To most of Canada your parcel will take up to seven business days in the mail system. To the United States it takes 10 to 14 business days in the mail. For remote or rural addresses it may take longer. For faster delivery FedEx is available at a higher cost for US orders. Contact us for details.

● Orders usually ship within 2 to 7 business days.

Back Orders:

● We endeavour to have everything in stock but back orders do happen. Due to the cost of shipping we will hold your entire order up to 15 days if we are expecting the back ordered items to arrive. If there is a backorder, we will contact you.

● Split Shipping - If you would like to split ship your order you will be charged actual shipping for the back ordered items. The back ordered item(s) will be billed and shipped separately when it comes in.

Order Pick-Up:

To save shipping, orders can be picked up at our warehouse. Please call ahead to make an appointment. We also deliver to conferences we attend. Just call at least three days in advance.

THREE CATALOGUES TO MEET YOUR NEEDS:

1. **“Resources for Building Lives” Curriculum Catalogue** - If you want just home school curriculum, tutoring and supporting resources

2. **“Resources for Building Lives” General Catalogue** - If you want health and personal care products, home cleaning products, and general resources and spiritual/character development materials and books for individuals, children, your church, and friends but do not need home school or curriculum items, this is the one you need.

3. **“Resources for Building Lives” - All-in-One Complete Catalogue** - If you want to have in one handy spot ALL that we carry - curriculum, health, general products, spiritual and character development, then be sure to see this one.

Under Control

“Everything’s under control,”
Praise God, there’s peace in my soul;
Though problems abound,
I have heard the blessed sound -
“Everything’s under control.”

Sometimes we wrestle so long
With problems when things all go wrong.
Our minds may not see
What the answer might be
But everything’s under control.

The controlling is not done by me;
Though things aren’t as I’d like them to be.
But when I’ve done my best,
God takes care of the rest,
And everything’s under control.

Praise God, when I’m in His control
And to Him have committed the whole,
His living wisdom and might
Will make things turn out right -
For everything’s under control.

WE ARE THANKFUL FOR THANKS!

“Maxine, you are a wonderful lady to help me with all this! God has got to be happy with you for following your calling. I have five small children - we are not Menonite or Amish - but choose to live the old way in keeping our lives as simple and loving as we possibly can. You have been such a help in the educating of my children. Thank you, In Christ’s love,” Jennifer

“Please keep carrying Pathways readers and workbooks. They are the best, by far, English program I have found. I have used it from K on up through high school.” Linda H.
